About me: about-me

PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience building web applications using React and TypeScript. Looking to grow into a well-rounded Web Developer by expanding my skills in Backend and DevOps while continuing to strengthen my frontend expertise.

EDUCATION

- Ho Chi Minh City University Of Science** HCMC, VN
Bachelor of Engineering in Information Technology Sep 2015 - Sep 2020

EXPERIENCE

- AUTOVERSE** HCMC, VN
Web Engineer Apr 2025 - Now
 - **Smart Garage Solutions:** Developed and maintained garage management features, handling new requirements and bug fixes based on garage feedback.
 - **eClaim Platform:** Built the insurance claim platform from scratch, working with insurance companies to gather requirements, develop features, conduct demos, and refine the product for production.
 - **Smart Distribution:** Developed warehouse and product management features, including inventory, stock in/out, and product listings for a distributed spare-parts supply network.
 - **Frontend Development:** Developed features using NextJS, ReactJS, TypeScript, Zustand, Redux Toolkit, Ant Design, REST API integration, and multilingual support with i18next.
 - **Customer Collaboration :** Communicated and worked directly with clients to gather requirements, enhance features, and resolve requests.
 - **Release Management:** Managed Git workflows, prepared production merges, coordinated deployments, and handled production hotfixes.
- ECarAid Company** HCMC, VN
Frontend Developer Mar 2024 - Apr 2025
 - **Company Website:** Developed responsive company web interfaces from Figma designs using Next.js, TailwindCSS, HTML5, CSS3/SASS, and Bootstrap.
 - **VCA Agritech:** Developed farmer and admin web applications, including a map feature to display cultivated land based on geographic coordinates.
 - **Fannet Boxing:** Built admin and organizer web platforms for managing boxing events and tournaments.
 - **Fintech Project:** Gathered and analyzed business requirements directly with clients to support building loan and savings management systems.
- 7S Company** HCMC, VN
Frontend Developer Jan 2021 - Dec 2021
 - **Frontend Development:** Started with foundational frontend tasks, translating Figma designs into responsive web interfaces using HTML, CSS and JavaScript.
 - **UI Implementation:** Developed and refined website layouts, UI components, and interactive elements based on design specifications and project requirements.
 - **Responsive Design:** Implemented responsive interfaces across desktop, tablet, and mobile devices, ensuring consistent layout and visual quality.
